

Group 13

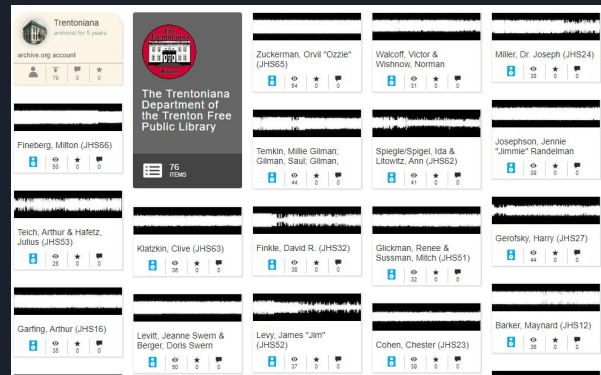

By Matt Hannum, Chris McKeever, Kyle Novoa,
Zach Mataya, Lexi Kirk

Need:

- Trentoniana information to be easily accessible
- Better user interface and organization

Approach:

- Create a database to store the information
- Create a user interface that works with the database to make it easy to use

Trentoniana Database Search Tool

Enter a search term and then select the category you would like to search in!

Search By JHS Name (Ex: "JHS 12") ☐

Search By Name (Ex: "Barker") ☐

View All Entries ☐

JHS 12	Barker, Maynard (JHS12)	https://archive.org/details/JHS05SideA	https://trentonlib.org/wp-content/uploads/2021/02/JHS-12-Barker.pdf
JHS 17	Axelrod, Ron (JHS17)	https://archive.org/details/JHS17SideA	https://trentonlib.org/wp-content/uploads/2021/02/JHS-16-Garfing.pdf
JHS 16	Garfing, Arthur (JHS16)	https://archive.org/details/JHS16SideA	https://trentonlib.org/wp-content/uploads/2021/02/JHS-16-Garfing.pdf

Benefits:

- Easy to use for both user and admins
- Easy search methods
- Prevents users and admins from getting errors
- Information is stored in a user friendly format
- Users can propose changes

Cost:

- Expands upon Trentoniana website
- Could be added onto original website, or a completely new website.

Propose Change

If there are any mistakes in the data or entries you wish to be entered, please propose your ideas here.
